CASH TESTER

BC 242 SD

Ultimate multi-currency value counter

The advanced **BC 242 SD** is equipped with the latest generation of sensors so that all notes are correctly counted and checked.

This banknote counter has been successfully tested by DNB and the color display provides the user with all information in any desired language. Various currencies can be mixed counted and an update is easily installed via USB.

Reliable and fast counting of (un)sorted banknotes: the **BC 242 SD** can help you with this!
