

CASH TESTER

CT 411

Quick and professional detector with 6-currency counterfeit check

The **CT 411** is a professional counterfeit detector especially developed for banks, exchange offices and hotels where multiple currencies are processed.

This detector is one of the very few detectors available worldwide with upto 6 different currencies pre-installed and which can check most of them in 4 directions! The counterfeit detection of the **CT 411** is of an extreme high level and even the most sophisticated US Dollar counterfeits are recognized!
