The Heavy-Duty Printer with Automatic Head Positioning

The AS-3060 is a unique and versatile system that provides superior production address printing. The AS-3060 works as either a standalone address printing solution or in line with other mail processing equipment such as a folder inserter or mailing system.

Whether you're designing a new production mail environment or expanding your existing mailing operation, the AS-3060 integrates seamlessly with your existing equipment. Either way, it can be your total addressing solution.

Faster Turnaround

This fixed head printer has robotic print head positioning, which remembers the address position by envelope size or print job, keeping repetitive print jobs consistent with each mail run. This unique feature reduces set up time, speeding up job turnaround. The AS-3060 can accommodate nearly any size of document, providing

high quality, a 600 dpi address, barcode, text and graphics for a professional mailpiece every time.

The AS-3060 is perfect for both mid-sized corporate environments and for production mail centers, easily meeting your needs for ultimate flexibility and tight deadlines. It is the ideal system for universities, printers, membership organizations, direct mail services and so much more.
